Title	Lambertville Beacon Photographs	Year Range	1878-1968

Location	Archives Building: A: 2: 1
Description	<p>This collection is composed of images taken from the morgue files of the Lambertville Beacon, a newspaper published in Lambertville, NJ from 1845 to 2015. Many of the photographs were taken by professional photographers and the rest were taken by staff photographers. Almost all of the images are labeled and dated and were used in newspaper publication. The names and dates are written on the back of the images. Within the collection they are sorted by topic and then by date. Any undated images are placed at the end of each topic. Most of the images were taken in Lambertville and the surrounding areas, and the bulk of the images are from 1958 through 1965, although there are a few outliers.</p>

Some of the topics within the collection are the American Red Cross, agriculture, business, community, crime, fire department, school, military, people, sports, religion, and weather. The largest collection is people and this contains many headshots and other formal photographs of individuals. The other topics tend to have a mixture of posed shots and casual images. This collection would interest anyone who is looking into Lambertville and the surrounding areas especially from 1960 to 1965.
